21 November, 2011

VILAS COUNTY SNOWMOBILE TRAILS TARGET OPENING DATE FOR 2011-12

Vilas County has set a **"target date"** of **Noon Monday December 12, 2011** for a County-wide opening of all Vilas County State funded snowmobile trails, **conditions permitting**. All trail work, inspections and gate openings shall be completed at this time.

This date was set at the November 16 meeting of the Vilas County Snowmobile Alliance and is a cooperative effort between the Alliance, Vilas County Forestry Department, and the Department of Natural Resources Northern Highland American Legion State Forest to enable the trails to be opened in a safe and timely manner after the deer seasons.

Until that time, gates remain closed. Early snow may be tempting but riders are cautioned not to go behind gates. Please respect private landowners and other outdoor users.

Dale Mayo

Snowmobile Program Coordinator
