VI. MEETING RULES, PARLIAMENTARY PROCEDURES AND SUBMISSIONS

A. GENERAL

1. The Chairperson, with the assistance of the Clerk, shall prepare the Agenda. The Agenda shall be distributed to all Board Members the week prior to the meeting.
2. The County Clerk shall record the minutes of all County Board meetings. In the Clerk's absence, the Deputy County Clerk or another qualified County staff member shall record the minutes. In all cases when an ordinance, resolution or motion shall be entered in the minutes of the Board, the name of the member moving the same and his/her second shall be entered in the minutes.
3. The County Clerk shall read the Public Meeting Notice at the beginning of each Board meeting and certify that the meeting was properly noticed.
4. The County Clerk shall conduct a roll call by the first and last name of all members of the board, whose names shall be arranged alphabetically. The roll call shall be for purposes of determining members present and if a quorum of the Board exists.
5. If a quorum is not present, the members may adjourn from time to time until there is a quorum. A majority of Board members shall constitute a quorum.
6. The Chairperson shall preserve order and decide questions of order subject to appeal to the Board, and shall vote on all questions.
7. The Chairperson without calling for a vote shall refer all matters that come to the County to the appropriate committee, unless otherwise ordered by the Board.
8. Whenever any member desires to speak to the Board, the member shall raise their hand, address the Chairperson, and be recognized. When two or more members raise their hands at once, the Chairperson shall designate the member who is to speak first, but in all cases the member who shall first raise his/her hand and address the Chairperson shall speak first.

- 9 . Every Board member shall confine their remarks to the subject and not deal in personalities. Each member shall speak only to the merits of the question under consideration, maintain a courteous tone, avoid personalities, refrain from attacking or questioning the motives of any other member and avoid the mention of other members' names in a demeaning or derogatory manner. When called to order, Board members shall not be allowed to proceed without permission of the Chairperson.
10. Time for citizen comments will be provided at County Board meetings; however, in accordance with state statutes, citizen comments must be specific to action items posted on the published agenda and must be made prior to Board action on the item. When anyone not a member desires to address the Board, permission to do so must be asked by a Board member. The Chairperson may limit the time a non-member may speak.
11. In all parliamentary questions raised during a session of the Board, and which are not covered specifically by the foregoing rules, Robert's Rules of Order shall prevail.

B. VOTING

1. Any election of an officer of the Board may be by secret ballot pursuant to Wis.Stat.§19.88(1). Other voting shall be by Ayes and Noes.
2. A roll call vote may be called for by any member on any issue at any time; however, if the vote is unanimous, the roll call need not be taken. On roll call vote the name of the Chairperson shall be read last.
3. All questions shall be put in this form: Those who are in favor say "aye"; those who are opposed say "no". The Chairperson may call for a show of hands or a roll call to re-affirm the results of a voice vote.
4. Each member participating in debate must vote aye or no on each question unless excused by the Chairperson for a reason of conflict or other special cause.
5. Any member desiring to recuse themselves from deliberation and action involving any resolution or ordinance, for a reason of conflict or other special cause, shall leave the area of the meeting room, until such time that said deliberation and action have concluded.
6. Whenever a resolution, ordinance or motion is defeated, any member who voted on the prevailing side may move for reconsideration at any time during the same session. If two-thirds (2/3) of the members present vote in favor of reconsideration, the subject shall be before the Board for further action.
7. When the vote on any question is a tie, it is lost.
8. No vote shall be taken on any orally presented motion to amend a resolution or ordinance until the Clerk is permitted to read it back to the board so as to give the Board a clear statement and the proceedings a correct record.

C. MEASURES REQUIRING MORE THAN A MAJORITY VOTE OF THE BOARD

1. Except as provided in the Finance and Budget Committee rules, a two-thirds (2/3) vote of the entire membership of the Board must be obtained before a budget appropriation may be changed.

Any changes made under this rule must be published to the public within 10 days of the change.

2. No rules of the Board shall be suspended, altered or amended without the consent of 2/3 of the members present.
3. No sale, purchase or trade of County land may be authorized without the consent of 2/3 of the members present.
4. No transfer of money from the General Fund may be authorized without the consent of 2/3 of the members present.
5. No hiring of additional personnel and/or creating new positions may be authorized without the consent of 3/4 of the members present.
6. No building projects and/or building acquisitions may be authorized without the consent of 3/4 of the members present.

D. MOTIONS - GENERAL

1. No ordinance, resolution or motion shall be debated or put to a vote unless it has been moved and seconded by a member of the Board.
2. Before a motion has been stated by the Chairperson, its mover may withdraw it or modify it without asking the consent of anyone. After a motion has been moved and seconded, it is in possession of the Board, but it may be withdrawn by unanimous consent or by a majority vote of the Board at any time before amendment or decision.
3. When a resolution is under debate no motion shall be received except to amend, to lay on the table, to postpone indefinitely, to postpone to a day certain, to withdraw or to adjourn.

E. TABLING A MOTION

1. A motion to lay on the table enables the assembly to lay the pending question aside temporarily when something else of immediate urgency has arisen, with no set time for taking the matter up again.
2. A motion to lay on the table, if adopted, halts consideration of a question immediately without debate. Such motion is out of order if the evident intent is to kill or avoid dealing with a measure.
3. A motion to lay on the table cannot be qualified in any way, and as long as the question remains on the table, the decision as to when, or if, it will be taken up is left open. If a tabled motion is not removed from the table by the end of the next meeting, the motion ceases to exist. A motion to remove a question from the table may be made during the unfinished business portion of the meeting once all agenda items are addressed. If the motion to remove is seconded, the discussion proceeds as if a motion to table had never been made.

F. POSTPONING A MOTION

1. A motion to postpone indefinitely may be made when the intent is that the assembly wants to decline to take position on the main question. If adopted, this motion defeats the main motion for the duration of the session and will avoid a direct vote on the question. It can be applied only to the main question and can be made only while a main question is immediately pending. It is debatable,

not amendable, and requires a majority vote. An affirmative vote on a motion to postpone indefinitely can be reconsidered, but a negative vote on it cannot be reconsidered.

2. A motion to postpone to a certain time may be made so that the question can be considered at a more convenient time, or because debate has shown reasons for holding off a decision until later. It is out of order when another has the floor, and it is also debatable, but debate is limited to the extent it is necessary to discuss the merits to enable the assembly to decide whether the main question should be postponed and to what time. It can also be reconsidered.

G. SUBMISSIONS TO THE BOARD

1. Annual reports, resolutions, ordinances and requested appointments sponsored by Committees or individual members shall be in writing and filed with the Clerk no later than Noon, Friday 10 days prior to the next meeting of the Board. The Clerk shall have them copied and distributed to all members for their information and consideration at least five days prior to the meeting.
2. All annual reports, resolutions, ordinances and requested appointments, received after the 10 day deadline, shall be deferred to the next scheduled County Board meeting. In an emergency the Chairperson may permit any late submission to be placed on the Board agenda, provided that such placement occurs within the proper notification times allowed by law.
3. Any resolution presented for consideration at any meeting must bear the signature of the member(s) offering the same, or if offered by a Committee, the signatures of a majority of that Committee.
4. All committee or individual members' recommendations shall be in resolution form to be presented to the County Board for action. All resolutions and ordinances shall be numbered consecutively beginning with the first meeting of the calendar year.
5. When a Committee Annual Report or Resolution or Ordinance is taken up and is under consideration, the main question shall be "Shall the recommendations of the Committee be adopted by the Board?" and unless specific amendments are offered in the usual parliamentary form, discussion shall be limited to adoption or rejection of the report or resolution.

H. CREATION OF RESOLUTIONS AND ORDINANCES

1. All resolutions and ordinances must be created using county approved formats.
2. Fiscal Impact Statement.
 - (a) Every resolution, ordinance, or written motion presented to the County Board must contain a fiscal impact statement that clearly describes the economic impact of the resolution, ordinance, or written motion and it must include the budgeted line items affected and each respective dollar amount of change. If the fiscal impact cannot be determined, a written explanation indicating why the fiscal impact cannot be determined must be provided.
 - (b) The person drafting the resolution, ordinance, or written motion is responsible for drafting the fiscal impact statement and including it in the document.
 - (c) Resolutions supporting or opposing legislation or honoring an individual, group or event are exempted from the fiscal impact statement requirement.
3. Finance Director's Fiscal Comment.

Every resolution, ordinance, or written motion that contains a fiscal impact statement must be presented to the Finance Director for review and must contain a Fiscal Comment from the Finance Director.

4. Human Resources Statement.
 - (a) Every resolution, ordinance, or written motion presented to the County Board that involves the hiring, promotion, demotion, disciplinary action, wage adjustment, exemption adjustment, position re-classification, or other employment-related matter must be first presented to the Human Resources Manager for review and approval. The Human Resources Manager will indicate approval or non-approval on the resolution, ordinance, or written motion.
 - (b) The person drafting the resolution, ordinance, or written motion is responsible for obtaining Human Resources review and approval.
5. All resolutions, ordinances and written motions must be brought to the Corporation Counsel for review of their legality and language, and must contain a Corporation Counsel signature line stating "approved as to form."

I. MISCELLANEOUS

1. The County Board shall by resolution establish the hours during which the County Offices, except the Court's, shall be open to the public, and the hours of work to be required of employees in those offices.
2. Salaries or wages for all employees shall be determined by the County Board as provided in Wis. Stat. §59.22 after consideration and recommendation by the Personnel Committee.

FORMATION OF VILAS COUNTY COMMITTEES

1. Except as otherwise provided by law, the Chairperson of the County Board, in collaboration with the Vice-Chairperson and Second Vice-Chairperson, shall appoint the membership of each committee of the Board. All committees of the Board shall elect their committee Chairperson and Vice-Chairperson..
2. Except as otherwise provided by law, the Chairperson of the County Board shall be an ex-officio a member of all standing committees. His/her ex-officio membership is in addition to the membership hereinafter prescribed for each committee. Any committee lacking a quorum may call on the Chairperson, Vice-Chairperson or Second Vice-Chairperson to make a quorum as an active member of that committee for that day. The Chairperson, Vice-Chairperson and Second Vice-Chairperson shall be paid mileage and per diem when used to make a quorum by any properly authorized County Committee.
3. When requested by a committee, and when determined to be necessary by the Chairperson of the County Board, the Chairperson of the County Board may appoint a Board member to serve temporarily on a committee for the purpose of obtaining a quorum of the committee so that a particular meeting may be held without delay.

THE DUTIES OF VILAS COUNTY COMMITTEES

1. All committees of the County Board shall keep a written record of their meeting, including dates, attendance, proposed resolutions, matters considered, including all information on bids or proposals submitted for their approval and their action thereon in a committee file in the office of the County Clerk or in the office so named and copies shall be mailed to the County Board Chairperson with the next meeting's agenda. These minutes shall be of public record.
2. All Committees shall prepare preliminary budgets and turn them in to the Finance Director on the date set forth annually.

3. All oversight committees will approve a listing of all paid bills on a monthly basis. The listing will be signed by all members of the committee who are present at the meeting and returned to the Finance Department.
4. The Public Property Committee shall create and periodically review Vilas County's purchasing policy.
- 5a. Any committee (or individual Board member) which desires to propose new projects or major improvements to existing services, equipment or facilities which would require sizeable appropriations and thus have a major effect on the budget for the following year, shall present these by resolution to the County Board at the September meeting in order to include said appropriations in their proposed budget. "Sizeable appropriation" shall mean any amount equal to or greater than 10% of a department's annual budget or \$20,000, whichever is less.
- 5b. Except for the Highway Department, no committee (except the Forestry, Recreation and Land Committee and the Law Enforcement Committee, which have a \$15,000 limit) shall enter into any commitment or contract requiring expenditure of County funds in amounts exceeding \$10,000 without first having County Board approval.
6. Any committee that has a contract binding on the county must first have the contract reviewed and initialed by the Corporation Counsel and any other person required by law. MEMORANDUM OF AGREEMENT

BETWEEN

WISCONSIN DEPARTMENT OF NATURAL RESOURCES,

and the

Counties with County Forests as defined under ss. 28.10 & 28.11 Wis. Stats.

Warren Knowles-Gaylord Nelson Stewardship Program 2010-2020 Land Acquisition Subprogram

I. PURPOSE

The purpose of this Memorandum of Understanding (Agreement) is to allow the Wisconsin Department of Natural Resources (DNR) and any of the signatory twenty nine counties (Counties) to this Agreement that partner in the management of the Wisconsin County Forests as established under s. 28.10 and s. 28.11 Stats., to work cooperatively in maximizing and prioritizing available land acquisition funding for the betterment of conservation and nature-based outdoor recreation in Wisconsin.

II. SCOPE

This Agreement constitutes the "memorandum of agreement" referenced in s. NR 51.963 Wis. Adm. Code. This Agreement establishes the procedures for a County project submission, priorities for acquisition, eligible costs, funding availability, project ranking criteria and process, and project approval, which shall be coordinated through the DNR Division of Forestry.

III. DEFINITIONS

Words and phrases defined in s. NR 51.002 and subchapter XIV, NR 51, Wis. Admin. Code, are used in the same sense in this Agreement unless a different definition is specifically provided.

IV. FUNDING

All County Forest projects will be evaluated using the ranking criteria and process in section V.B & C. of this Agreement. Cumulatively, the Counties will be eligible to receive . the amount allocated from the appropriation under s. 20.866(2)(ta), Stats. to County Forest projects as a portion of the allocation to the category including DNR easements and County Forest projects, or a minimum of 25% of stewardship land acquisition subprogram funding allocated from the appropriation under s. 20.866(2)(ta), Stats. to the DNR Division of Forestry each fiscal year, whichever is greater. If there is a specific amount appropriated to County Forests provided for by state statute, then that amount shall determine the funding level for County Forest projects. The DNR Deputy Bureau Director Facilities and Land, the Land and Forestry Division Administrators, the County Forest Specialist, and the Wisconsin County Forests Association Executive Director shall assess the projected demand for County Forest grants and other anticipated draws on Stewardship funding annually to recommend an initial allocation for County Forest projects each fiscal year. County projects submitted in excess of the initial allocation for County Forest projects may receive funding dependent on their ranking under this Agreement and the availability of funding not utilized on DNR acquisitions or easements. Additionally, funds allocated for Knowles-Nelson Stewardship

grants to nonprofit conservation organizations during the previous fiscal year that remain unobligated may be available for County Forest projects in the subsequent fiscal year.

If County Forest projects will be funded as any portion of the DNR Division of Forestry allocation, State Forest projects shall be evaluated using the same ranking criteria and process in section V. B & C of this Agreement. County projects in excess of the 25% may receive funding dependent on their ranking under this Agreement amongst all projects (State Forest & County Forest) submitted.

Per s. NR 51.964(2) Wis. Adm. Code, any portion of each fiscal year's funding allotment designated for County purchases not awarded by the following February 28th shall revert to the DNR for land acquisition under s. 23.0917(3), Stats. If after January 31st the amount of project requests anticipated will not exhaust the amount initially allocated, as described earlier in this section, then the anticipated excess amount may be reverted to the DNR for land acquisition under s. 23.0917(3), Stats; however, such a reversion would not preclude funding additional County Forest projects if reverted funding was not already obligated for other purposes.

V. PROJECT ELIGIBILITY, APPLICATION, RANKING AND APPROVAL

A. Eligibility

1. Any County having property entered in the county forest law program under s. 28.11(4), Stats. may apply for funding of a project.
2. A project must be for acquisition of property suitable for entry in county forest under s. 28.11(4), Stats.
3. The following property types are ineligible for project funding:
 - a. Any property that has restrictions or other covenants that prevent or limit the property from being managed under ss. 28.11(1) or 23.09(2)(d), Stats.

 - c. Property used for licensed game farms, fur farms, deer farms, shooting preserves, forest nurseries, or experimental purposes.

4. Eligible costs

2. If the initial allocation is not totally encumbered during the May 1st application period, other County applications received by October 15th of the same year that meet the eligibility requirements will be evaluated in a secondary ranking process against the aforementioned criteria to determine funding up to the limits of the allocation described in section IV. of this Agreement.

3. If the initial allocation is not totally encumbered during the May 1st and October 15th application periods, other County applications that meet the eligibility requirements will be evaluated and funded as they are received until January 31st, up to the limits of the allocation described in section IV. of this Agreement.
4. Applications received after the initial allocation is encumbered for a fiscal year will be evaluated and considered jointly with DNR easement projects being considered for that fiscal year, and may be funded dependent on a project's ranking and remaining available funding, as long as County Forest and DNR easements are funded by the same allocation as directed by statute. If County Forest projects are being funded from the Division of Forestry allocation, as described under section IV. of this Agreement, applications received after the 25% allocation is encumbered for the fiscal year will be evaluated jointly with State Forest acquisitions based on the criteria in section V.  - b. Applications shall be rated based on the criteria in section V. B.3 of this Agreement.
 - c. Projects with an average total weighted ranking panel score of less than 5.0 on a 0-10 scale shall not be funded, even if eligible, in order to ensure that Stewardship funds are spent on projects that provide significant public benefits.
 - d. As funding is available and applications are submitted, awards may be made on a continuous basis.
 - e. Frequency and recent history of a County receiving Stewardship land acquisition grants may be considered as a tie breaker in cases of multiple projects with similar ranking scores, when competing for limited funding.

VI. CONFLICT RESOLUTION
