Harvest Regulations:

- 1. Red Pine Thinning:** Harvest all trees marked with orange paint. Do Not Cut any unmarked Red Pine or White Pine. Leave all dead trees standing unless they create a hazard during forest operations. Do Not Cut any Oak.
2. During the period from May 15 through August 15, the contractor must remove all cut pine products from the sale area within 14 days of cutting.
3. Avoid damage to residual trees including advance regeneration outside the harvest areas. This reduces the risk of spreading disease and degrading future crop trees. Excessive rutting and/or excessive damage to residual trees will cause temporary closure of harvesting operations. Do not damage relic fire scar stumps/trees.
4. Tree and pole length skidding will be allowed if the contractor demonstrates the ability to skid without damaging residual trees. If excessive damages occurs penalties will apply and skidding will be limited to shortwood skidding.
6. Existing trails serve this area sufficiently therefore, Vilas County prohibits the construction of new roads. All roads and landings must be cleared and leveled upon sale completion. Hunter Hiking Trails must be left in an equal or better condition that is conducive for mowing post-harvest.
7. All trees felled across the Blue Paint Lines must be pulled back into the sale area before being limbed and topped.
8. Refer to the Timber Sale Contract for all harvest regulations.
