-  County Forest Roads

R. P. L. = Red Paint Lines  
 B. P. L. = Blue Paint Lines  
 Scale: 1" = 1/4 mile

Forester: Meier

**Harvest Regulations:**

1. **Shelterwood Harvest:** Harvest all merchantable trees except trees marked with purple paint. Harvest boundary is marked with red paint. Do not harvest trees marked with red paint. All non-merchantable trees having a diameter 1" and greater must be cut concurrent with the harvest of merchantable wood.
2. Harvesting is restricted to the period between August 1st and January 14th.
3. Avoid damage to residual trees including advance regeneration. This reduces the risk of spreading disease and degrading future crop trees. Excessive rutting and/or excessive damage to residual trees will cause temporary closure of harvesting operations. Do not damage relic fire scar stumps/trees.
4. Tree and pole length skidding will be allowed if the contractor demonstrates the ability to skid without damaging residual trees. If excessive damages occurs penalties will apply and skidding will be limited to shortwood skidding.
5. Existing trails serve this area sufficiently therefore, Vilas County prohibits the construction of new roads. All roads and landings must be cleared and leveled upon sale completion. Hunter Hiking Trails must be left in an equal or better condition that is conducive for mowing post-harvest.
6. All trees felled across the Blue Paint Lines must be pulled back into the sale area before being limbed and topped.
7. Refer to the Timber Sale Contract for all harvest regulations.
